Traex® Color Configurable Squeeze Dispensers

•Bottles are NSF Certified, does not apply to caps
•Twin Tip and Tri Tip Dispensers allow you to portion condiments more quickly and more easily than ever
•24 oz Wide Mouth Color-Mate™ Squeeze Dispensers come in 7 bright translucent, polyethylene colors, allowing you to identify contents and track fill levels at a glance
•Bottles and caps are dishwasher safe
•Only 24 oz. capacity wide mouth bottles are available in translucent colors, all other bottles are only available in clear or stated opaque colors
•Sold only in case lots
•How to Order
•Locate desired dispenser style in table below
•Add desired numerical cap color suffix to replace TT at end of item number (Brown 01, Red 02, Yellow 08, Clear 13, Blue 44, Purple 54, Vista Green 191). See note below.
•For 24 oz Wide Mouth Color-Mate TM Dispensers add desired numerical bottle color suffix to replace BB after the dash (-) (Brown 01, Red 02, Yellow 08, Clear 13, Blue 44, Purple 54, Vista Green 191). See note below.
•NOTE: When building an item number, the bottle color is indicated by the first 2 digits (BB) after the dash (-) and the cap color is the last two digits (TT) (i.e. 2808-1344 indicates a clear bottle with a blue cap). If both bottle and cap colors are the same color, the last two digits get dropped (i.e. 2808-13 indicates a clear bottle with a clear cap).

Mirage® Pro 1800 Watt G4 Countertop Induction Ranges

Mirage® Pro induction ranges feature the G4 Engine, using four IGBTs so the workload is shared across four parallel switches. This increases the efficiency, control and longevity of the Mirage® Pro induction range.

- G4 Engine
- 90% energy efficiency - compare to the approximate 50% efficiency of gas ranges
- 100 power levels for precise cooking control
- TEMPERATURE MODE: Settings of 80°-400°F (27°-204°C), featuring a lower range for chocolates
- POWER MODE: Power level Settings 1-100 with approximate temperature of 80°F to > 525°F
- Knob control with digital readout makes Set
- Digital troubleshooting display
- Stainless case top and aluminum bottom
- Low-profile, modern case design
- Bright LED digital readout is easy to see
- Temperature memory - powers up to the last used temperature setting
- Compact and mobile, no maintenance
- 100% framed ceramic top for durability
- 100% factory bench tested for ultimate quality control
- "Hot" warning display for safety
- Padded carrying bag 59145 available for safe and convenient transport - sold separately
- 6' (183 cm) cord and plug
- 2 year warranty

- Specifications

Cayenne® Pizza/Bake Oven

Provide fresh baked pizzeria-style pizzas with thiscountertop version of a pizzeria deck oven. The even heat of the hearth stones and the higher temperature capability of this oven combine to make crisp, light, evenly-baked pizzas. Fresh hearth-baked pizzas create a distinct presentation and command a higher price than pizzas made in a countertop wire rack pizza oven.

- Stainless steel exterior and interior for durability and easy cleaning
- Oven supplied with two ceramic bake decks for crisp, even browning of crust and breads
- Fifteen-minute timer function
- Shelf size: 17 1/2" (44.45 cm) x 17 1/2" (44.45 cm)
- 2 1/2" (6.35 cm) between shelves
- Heat Setting: 140° - 750°F (60° - 399°C)

- Specifications

Cayenne® Model 1001 Warmer

The Model 1001 Warmer offers the lowest operating cost on the market.
•This model features the DIRECT CONTACT HEATING SYSTEM, the ultimate in performance and efficiency. Click here to learn more.
•Thermoset Fiber reinforced resin well
•Capillary tube thermostat control supplies power only when needed for maximum power efficiency
•Low-water indicator light eliminates guesswork
•Dome heating element uses up to 25% less energy and concentrates energy into the well
•Element's non-stick surface prevents scale build-up for easy cleaning and longer operating life
•Element is cast-in for longer service life and greater energy transfer
•Must be used with water for maximum energy transfer
•Standard black well and brushed exterior
•Wide no-drip lip keeps countertop dry
•Recommend using up to 4" (10.2 cm) deep food pans - standard and fractional sizes
•Overall dimensions: 21 3/4"L. x 13 3/4"W. x 9"H. (55 x 33 x 23 cm)
•Bottom exit power cord allows for universal positioning
•6' (183 cm) cord and plug

•Specifications

Item	Description	Voltage	Watts	Amps	Plug
71001	Cayenne ® Model 1001 Full-size Warmer	120 AC	700	5.8	5-15P

Cayenne® Model 1220 Full-Size Heat 'N Serve Rethermalizers

International Models - available for export only
•Pans not included
•Holds up to 4" (10cm) deep pans - full and fractional sizes
•Lighted on/off switch
•Must be used with water

•Specifications

Item	Description	Dimensions IN (CM)	Voltage	Watts	Amps

Adaptor Bars

Use 50% Less Energy with Adaptor Bars

- Mirror-finished 300 series stainless steel
- Fits standard opening for combination of smaller fractional pans
- *T-shaped bar (#56680) holds 2 fourth size and 1 half size pans
- Eliminate gaps to prevent steam loss and reduce energy consumption
- Specifications

Insets and Covers - Stainless Steel

Stainless Steel Insets and Covers
- Satin-finished 300 series stainless steel
- Insets nest together for compact storage when not in use
- 6"(15.2cm) depth under the shoulder
- Solid or slotted flat covers reduce heat loss
- Sharp radius between sleeves rests securely in opening without tipping
- ** Slotted and hinged covers are not NSF Certified
- * 78174 and 78194 are new products

Wear-Ever® Fry Pans with PowerCoat2™ and TriVent® Silicone Handle

Improved coatings - made without PFOA
•TriVent® Handle has a unique ergonomic design that reduces stress and fatigue. The vented handle design reduces heat transfer from pan to handle, maximizing operator comfort
•TriVent® Silicone Handles are rated at 450˚F (232˚C) for stovetop or oven use
•EverTite® Riveting System offers a lifetime warranty against loose rivets
•PowerCoat2® dual-layer ceramic-reinforced coating
•New & improved coating - 5 times stronger
•Constructed from heavy-duty impact resistant 3004 aluminum
•Excellent commercial performance at an affordable price
•Low-profile rivets are coated for easy clean-up

Miramar® Display Cookware

Fresh from the kitchen to the customer! Miramar® Display Cookware makes it possible to cook and serve in the same vessel. Give your customers the impression of home-cooked foods with an elegant presentation.

- Extremely durable - thick 3-ply construction provides product longevity
- Satin finished interior and exterior with mirror finished handles provide an elegant presentation (Note: Oval Au Gratin has full mirror finish)
- Unique handle design allows for easy removal from templates
- Handle design serves as a convenient cover rest on Casseroles, Saute Pan, and French Omelet Pan
- Use in any typical display areas: heated shelves, steam table with templates, and induction ranges.. but with quality only seen in commercial cookware
- Easily dresses up with fabric napkins
- Induction ready
